

# Remaster in Progress

---

I'm currently in the process of remastering this entire course.

When the course came out in 2015 it focused on the then current version of Java, version 8. We've come a long way and now we are working on Java 17.

Some of the improvements include:

- Incorporating features of Java 17
- Adding slides that can be downloaded
- Fixing errors in older videos
- Addressing confusing concepts in more detail
